Alignment...

Alignments are intuitive reflections juxtaposing life's intricate design. When we choose to live authentically, a spatial awareness envelops the spirit and frees us. Positive intentions coupled with compassionate attentiveness embraces a sense of freedom that raises one's level of consciousness. An alignment experience is the merging of inner feelings with what we encounter in our daily lives that gives us greater clarity or heightened awareness. Awareness leads to authenticity providing us with meaningful insight. In turn, we become more compassionate and fulfilled.

We are in the world to remember who we are. Where one begins and ends is not important. What we do along the way and what we learn from our experiences is important. Along the way, learn to live in the world peacefully. Align yourself with positive thoughts and actions. When you practice alignment the world you live in will be met with effortless intention leading to a sense of peace and harmony.

Death is but one of many experiences that we learn to live with - do so gracefully.

Eternal depths of unspoken words
Never uttered in the vast unknown
Swiftly moving beyond the tongue
Into empty chambers unsung

DEATH -

A SEA OF CONSCIOUSNESS

The eternal now began without words
Constellations of being gather in space
Pulsating energy
Evolving from every soul
In the universe

Shape amorphous as it is
Is unpredictable
The universe changes endlessly

Being there is different
Than being here
There the world spins in color
Reverberating in timelessness

Souls meet in evolution
From beyond
Gyrating in explosions
They enter our physical world

Again and again
Repeating the transition

From here to there

Death

Our song of spirits

Flows in rhythmic expansion

On waves of circular flux

KNOWLEDGE OF THE PAST - REMEMBERING:

HUMAN STRUGGLE IS AN INTREPRETIVE DANCE WITH
MEANINGFUL CONSEQUENCES. INSIGHT IS GAINED
WHEN A SOUL RECOGNIZES THEIR LIGHT OF BEING.
LIGHT OF BEING IS MET ONCE THE HUMAN BEING
TOUCHES INSIGHT FROM WITHIN AND TRANSFORMS
THE ENERGY INTO ENLIGHTENMENT.

Souls come to being

Prepared by a past

Without insight

Memory is reborn through pain

Enlightenment is remembering God in the infinite

Where space and time is endless

The Sea of Consciousness swims effortlessly

Formed by an aura of timeless terrain

Journeys to the now

Breathing space

World is body and mind

Echoing hope and reason

Enveloped by transitions

Aligning nakedness

DEATH EXISTED LONG BEFORE HUMANS NAMED IT. IN THE
BEGINNING LIFE AND DEATH WERE NOT SEPARATED BY
THOUGHT.

Humans created time

Not to be alone

Humans created music

To understand the beating heart

Day enters the world

Where night passes

Hold to neither

Be part of each

SELF-AWARENESS IN TRANSITION IS A MERGING OF
EXPERIENCE THAT LEADS TO AUTHENTICITY. LIVING
AUTHENTICALLY IS EFFORTLESS INTENTION. ALIGN THE SPIRIT
TO LIVE IN PEACEFUL HARMONY WITH IMPERMANENCE.

Every moment dances

Each step braces our delicate balance

Spirits play together unaware

Until they are ready to remember

Understanding is everything

Between us there is more

Purpose and action

Reverberates on life lines

In the infinite

Let go of illusions
And suffering becomes nameless
Participate with choice
And be free

DO YOU REMEMBER WHEN YOUR HEART WAS WHOLE
WHEN YOU DREAMED LOVE WOULD NEVER END
WHEN WORDS WERE FULL AND HOPE DIVINE
DO YOU REMEMBER THAT PROMISE
WHEN FOREVER WAS BELIEVABLE
WHEN YOU TOUCHED YOUR LOVER
AND YOUR HEART WAS WHOLE FOREVER

Where hearts are caring
In gardens of nostalgic dreams
On a bed of memories

Awakening curiosity
Hearing echoes tracing ancient hymns
There and everywhere

Change is a stranger
We learn to recognize

THE JOURNEY OF A MILLION QUESTIONS GIVES US GREATER
UNDERSTANDING OF OUR INTENTIONS. IF OUR INTENTIONS ARE
POSITIVE THE RESULTS WILL BEAR FRUIT.

Joy intertwines sadness
Naively we ask
Why death

With every question

Who is this stranger?

Confusion dissipates when following the wind

This is flux

Each day will bear a sign

We learn to read

If you do not understand

Worry not

The answer lies in patience

LOVELESS THE DAY THAT MASKS MISERY AND PAIN...
DEATH APPEARS AIMLESS WHEN FILLED WITH DOUBT,
FEAR AND REJECTION. UNWILLINGLY, WE LEARN TO
COPE.

Distance longs for closeness

When love is not learned

Hate betrays simplicity

Staring into the storm

We search the void

Memory fades your voice

Gardens and forests

Once colorful

Bends light into darkness

NO FUTURE MAKES LESS SENSE THAN THE PAST. NOW
IS THE BRIDGE BETWEEN WHAT WAS AND WHAT WILL
BE. WE TALK AND WATCH THE FRIVOLOUS UNIVERSE
YAWN.

Mindful imagination filled with uncertainty

If not earth and space

Where

Whispering echoes between us

Linger in time

Provokes destiny and fate

Every bridge floats into oblivion

THEIR COMES A TIME WHEN YOU ARE NO LONGER WHO
YOU THINK YOU ARE. WHEN MIRRORS REFLECT A
DIFFERENT SELF YOU WILL KNOW WHEN NOT TO HIDE.

Along the way

Some of us learn

To be in the world

But not of it

Where one begins and ends

Is not important

What one does effortlessly is

THE REAL AND NOTHINGNESS OF DEATH IS STRETCHED
ACROSS THE IMAGINATION OF BEING. SPACED
BETWEEN A SEA OF CONSCIOUSNESS AND THE NOW,
LEARN TO LET GO...

Quiet minds are calm seas

Joy is gained when peace

With the past

Is past on
